The parent of all textile beds, its bows are unmistakable. Headboard and base can be upholstered with fabric or leather. The covers are completely removable thanks to the practical Velcro fasteners. The headboard is also available in an adjustable version, to provide a more comfortable support to the resting body. The cushion covers of the headboard allow the pillows to be stored and protected from dust. Available with rigid base, box-spring base Leonardo, storage base, fixed base h 25 cm or h 16 cm and with electrical movements.
